SALONES CON LÓGICA

Como marca nacimos en 2007, después de detectar que el universo del mobiliario para peluquerías y barberías necesitaba menos complicaciones y más practicidad. Hacía falta apostar por productos esenciales, diseños atemporales y máxima fiabilidad a buen precio.

Desde los inicios nos regimos por tres principios inamovibles: 1) los muebles de peluquería deben combinar funcionalidad y estética a partes iguales. 2) La calidad tiene que estar presente en cada detalle. 3) Las buenas ideas no tienen por qué ser caras.

SALONS AVEC LOGIQUE

Nous avons né en tant que marque en 2007, après avoir détecté que l'univers du mobilier pour des salons de coiffure et barbiers avait besoin de moins de complications et de plus de praticité. Il fallait parier sur des produits essentiels, des designs intemporels et une fiabilité maximale à un bon prix.

Dès le début, nous avons suivi trois principes inébranlables: 1) les meubles de coiffure doivent combiner à parts égales la fonctionnalité et l'esthétique. 2) La qualité doit être présente dans chaque détail. 3) Les bonnes idées n'ont pas besoin d'être coûteuses.

SALONI CON LOGICA

Come marchio siamo nati nel 2007, dopo aver scoperto che l'universo dei mobili per parrucchieri e barbieri aveva bisogno di meno complicazioni e più praticità. Era necessario scommettere su prodotti essenziali, design senza tempo e massima affidabilità a buon prezzo.

Fin dall'inizio ci basiamo su tre principi inamovibili: 1) i mobili per parrucchieri devono unire funzionalità ed estetica in parti uguali. 2) La qualità deve essere presente in ogni dettaglio. 3) Le buone idee non devono essere costose.

SALONS MIT LOGIK

Wir wurden als Marke in 2007 geboren, nachdem wir festgestellt hatten, dass das Universum des Möbels für Friseur- und Herrensalons weniger Komplikationen und mehr Funktionalität benötigte. Man musste auf unentbehrliche Produkte, zeitlose Designs und maximale Zuverlässigkeit zu guten Preisen setzen.

Von Anfang an haben wir uns von drei unverrückbaren Prinzipien leiten lassen: 1) Friseurmöbel soll Funktionalität und Ästhetik zu gleichen Teilen zusammenstellen. 2) Qualität muss in jedem Detail präsent sein. 3) Gute Ideen müssen nicht teuer sein.

SALONS WITH LOGIC

We were born as a brand in 2007, after noticing that the existing furniture universe available to hair salons and barbershops was in need of less complication and more practicality. It was necessary to support essential products, timeless designs and maximum reliability for a good price.

Since our early beginnings, three tenets have guided us: 1) all hairdressing furniture must combine functionality and aesthetics equally. 2) Quality must be present in every detail. 3) Good ideas should not have to be expensive
